SETTINGS FOR MACARONS – STEP 1

Follow the below settings for the best designs on macarons

We recommend using lighter coloured macarons for best designs

Change optical density to your preference based on time needed to dry.
Our recommendation is 50%.

Set print quality to "Standard"

SETTINGS FOR MACARONS – STEP 2

Make sure you follow these steps for the correct procedure

Remove the silicone mat

Place the platform in the tray and ensure it fits properly with nothing blocking it.

Make sure the "Ripples" wording on the platform is front facing.

Place the macarons correctly in each of the 3 spaces on the top of the platform.
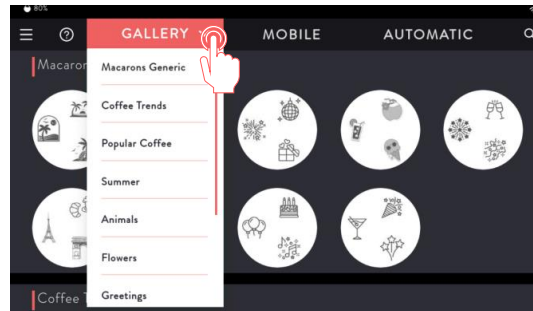

PRINTING ON MACARONS

Choose your own creation or from a list of pre-defined designs
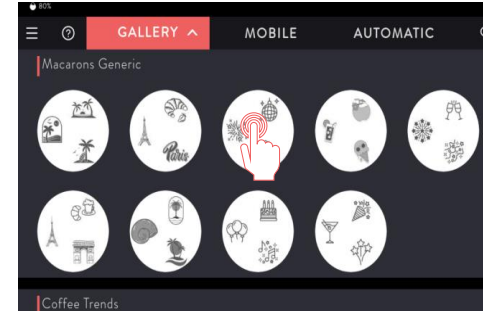

Pre-defined designs

Ensure the platform is secure in the tray and the macarons are placed correctly in the platform
