Customer Success 2024

THE RIPPLES MOBILE PORTAL

- Create New Designs
- Create New Macaron Designs
- Delete Old Designs
- Create New Frames
- Publish New Channels
- Discover New Designs In The Ripples Library
- Download Your Ripples Web App QR Code & Link

LOGIN

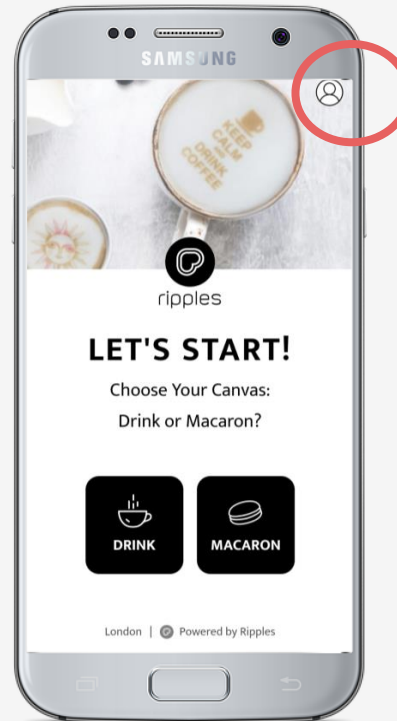

OR

- Open your private QR code on your Ripple Maker screen, find in your menu, tap on the QR Icon (Ripple Maker II & Pros)

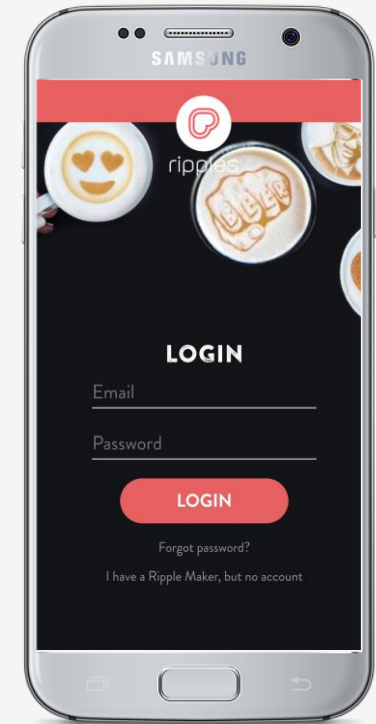

- Scan the generic Ripples Web App QR code
- Or click [here](#) to open on your mobile device

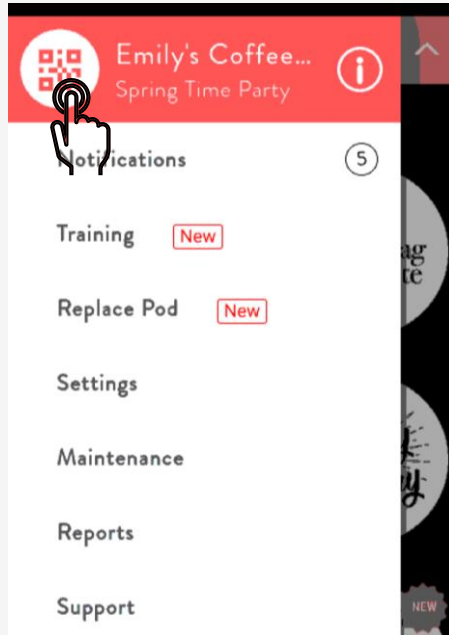

- Tap the user Icon to login
- Use your existing Ripples Cloud/Store user to login
- Reset your password if you forgot it
- Or create a new user on your Ripple Maker

(see slide 5)

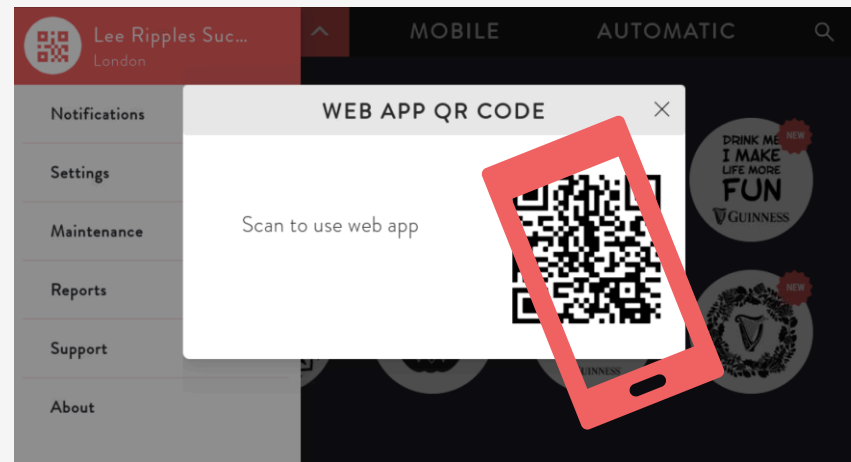

- or contact us at support@drinkripples.com

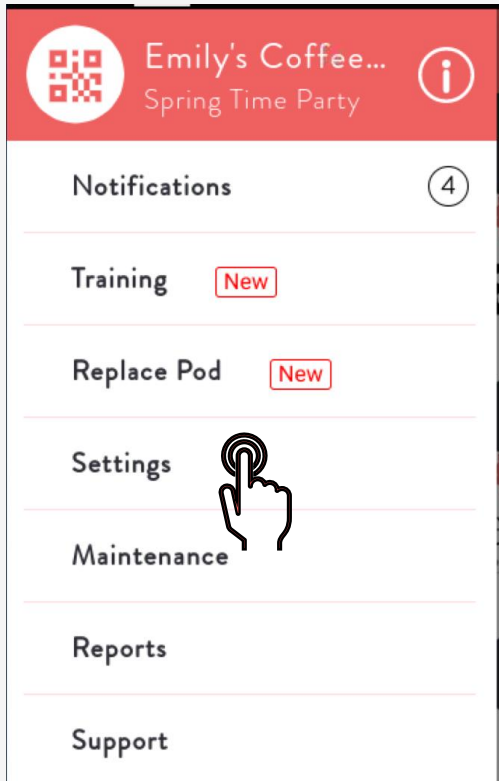

FIND YOUR QR CODE

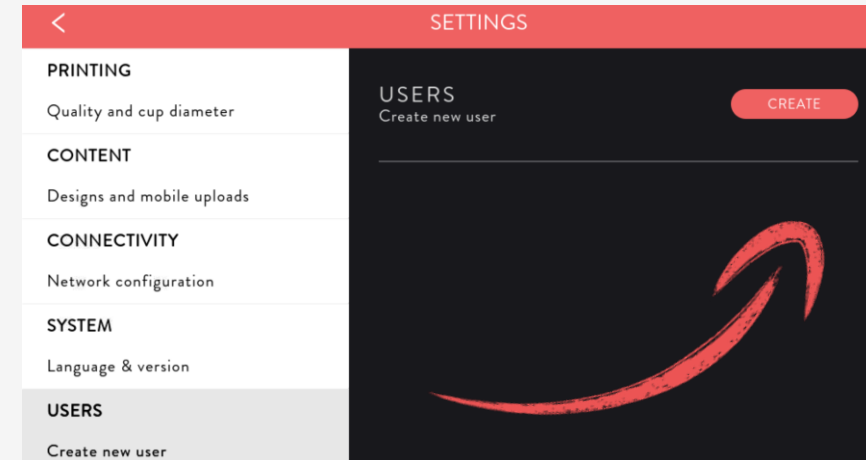

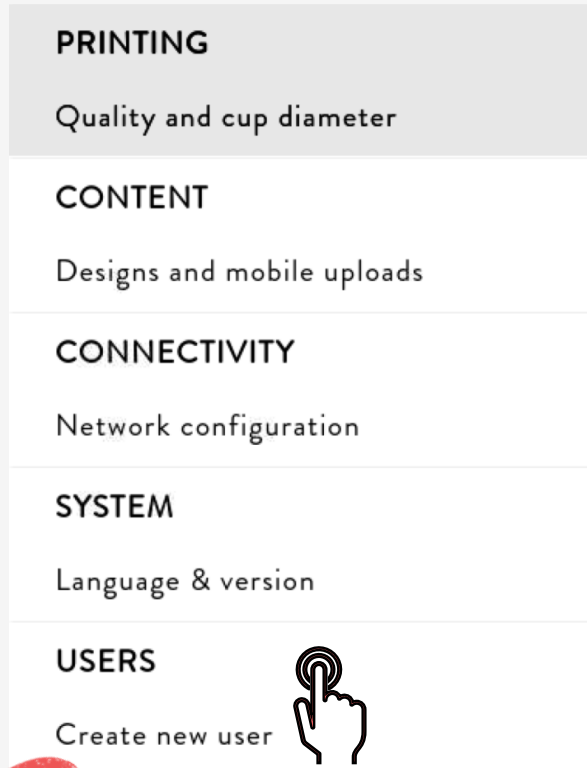

- This feature is only for Ripple Maker II's and Ripple Maker II Pros
- On Your Ripple Maker screen tap the menu Icon in the top left-hand corner
- In the red bar tap the QR code Icon
- A window will open with your QR code that you can scan
- You can download your QR code (Slide 13)

CREATE A USER

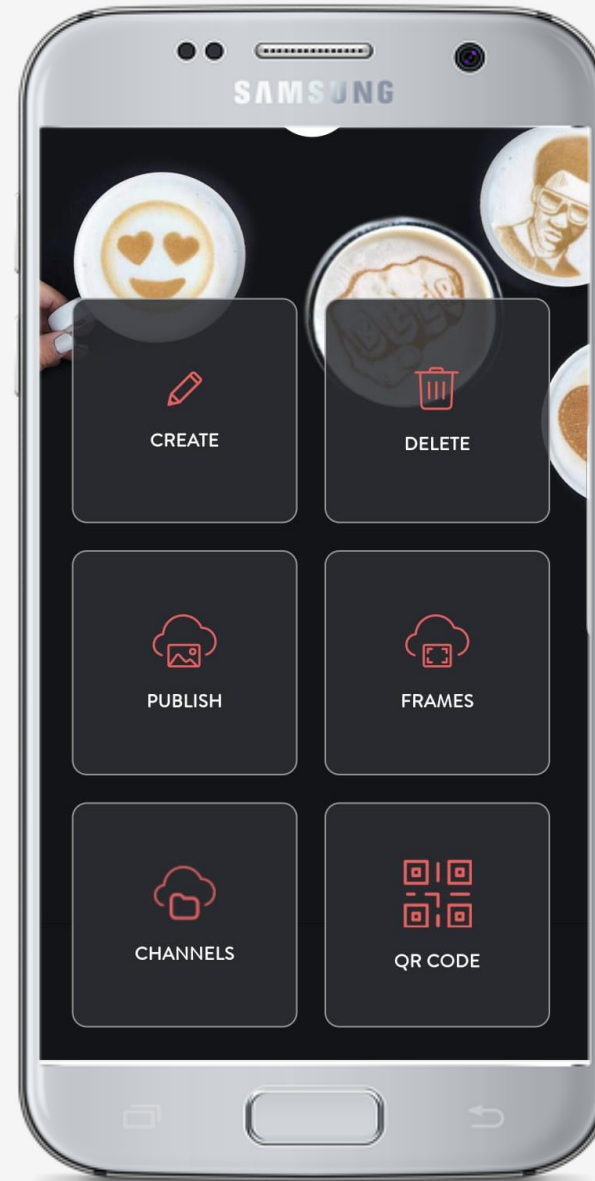

1. Tap the menu icon in the top left corner on your Ripple Maker screen
2. Tap Settings
3. Tap Users
4. Tap the Create button to make your new user

IN APP FLOWS

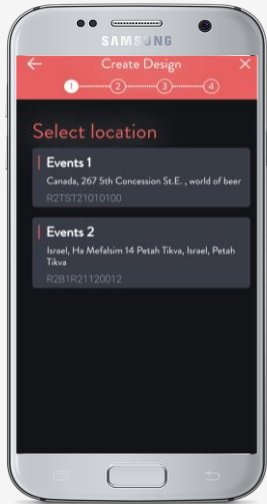

In the main menu you will have 6 different actions you can complete

1. Create
2. Delete
3. Publish
4. Frames
5. Channels
6. QR Code

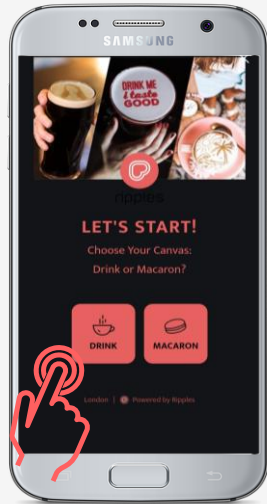

CREATE

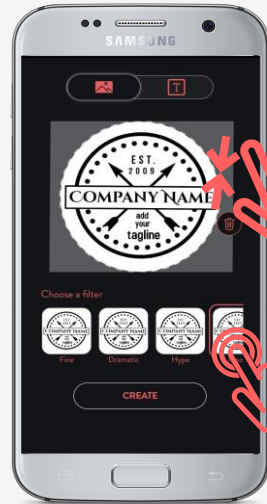

Create & Upload your own permanent custom drink designs

Select location

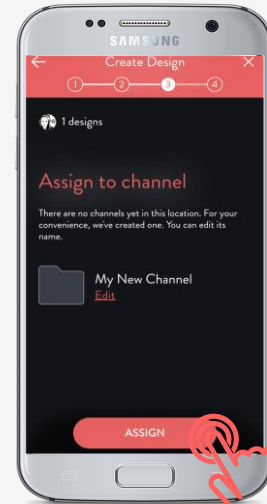

Tap Drink

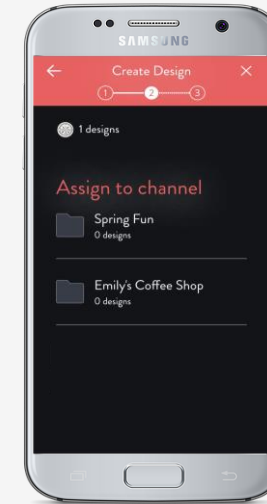

Pinch to adjust

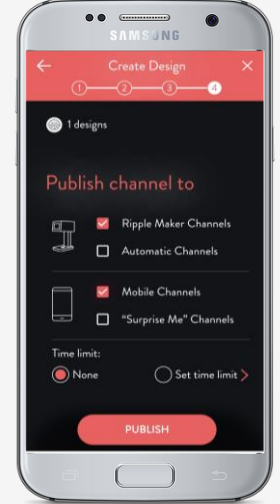

Select a contrasting filter

Tap Assign

Or Select Channel

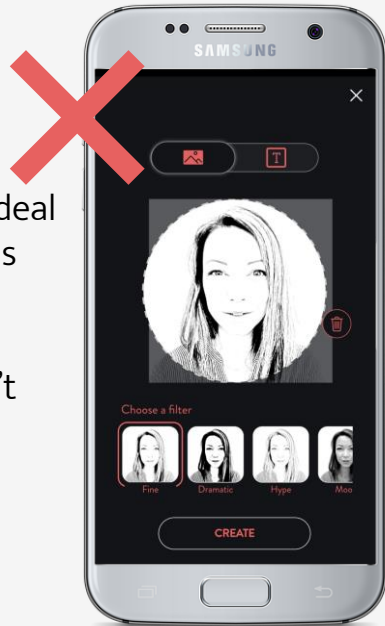

Publish

CREATE

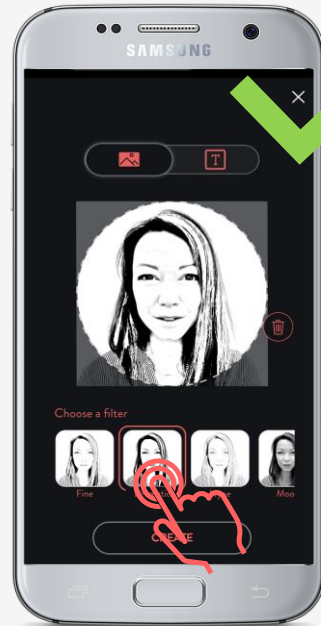

Create & Upload photos

example 1

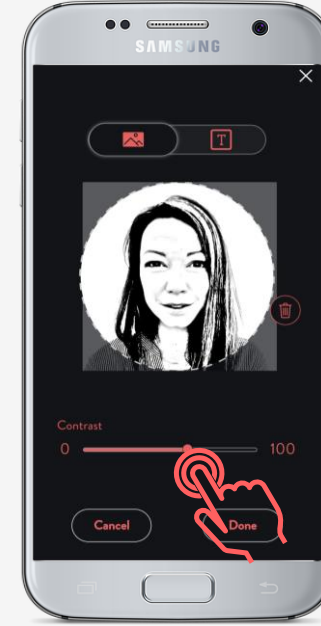

This filter is not ideal for this photo. It is too light, washed out, and has no definition. It won't print well.

example 2

This filter is great, eyes and hair are defined, background is bright and white. A white background free of distractions/objects, always looks better than a dark, background when printed.

Tap filter to adjust the contrast

Use the slider to adjust the contrast

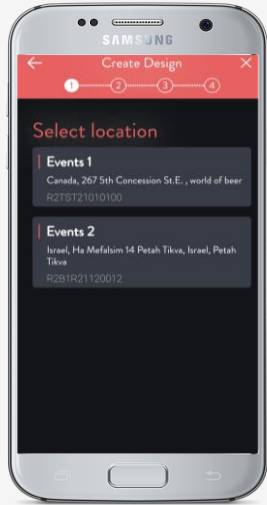

Tap the "T" to add text to the image

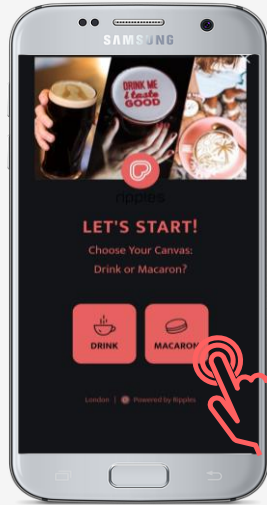

TIP: Choose a filter that enhances the contrast of the image, some filters will help brighten the image like "fine", see example 1, others will help intensify the contrast, like the "Dramatic" filter, see example 2. Tap the filter after selecting it to adjust the intensity.

CREATE

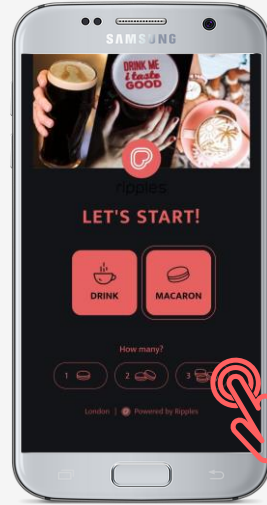

Create & Upload your own permanent custom macaron designs

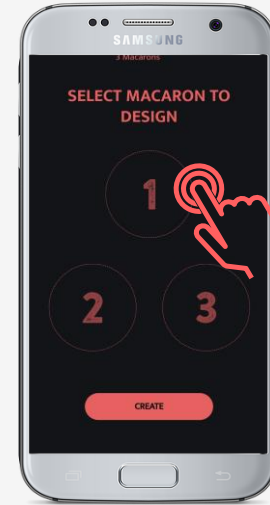

Select location

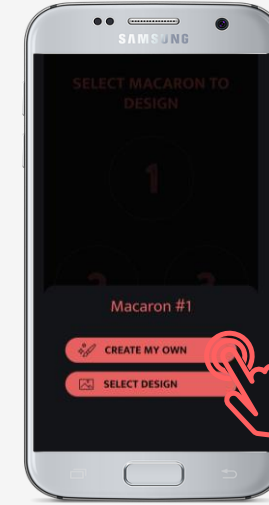

Tap Macaron

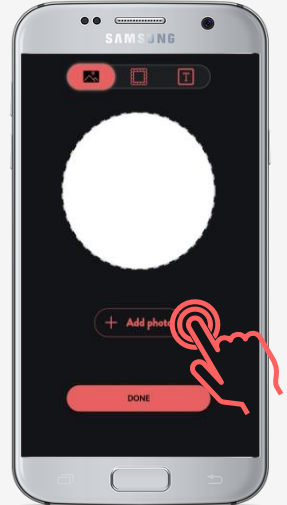

Tap 1, 2, or 3 Macarons

Select a Macaron

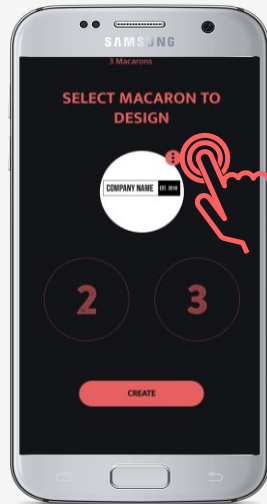

Create or Select a Design

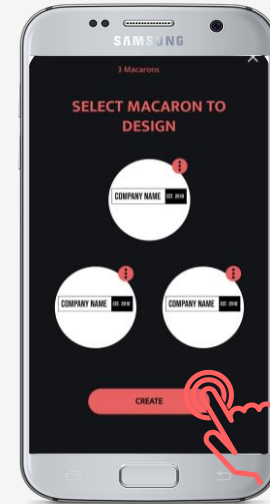

Tap Add Photo

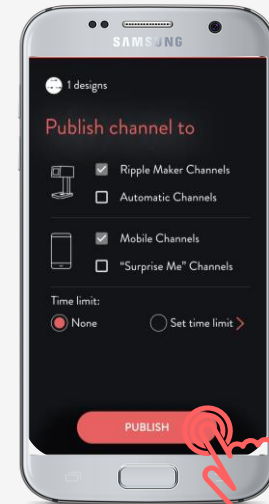

Adjust your image to fill the circle. Use the filters to increase contrast

To duplicate tap the dots

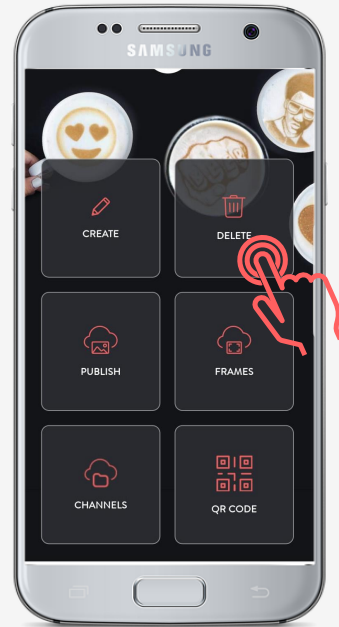

Tap Create

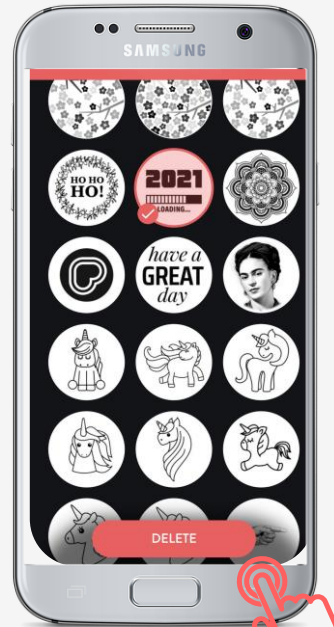

Assign to Channel & Publish

DELETE

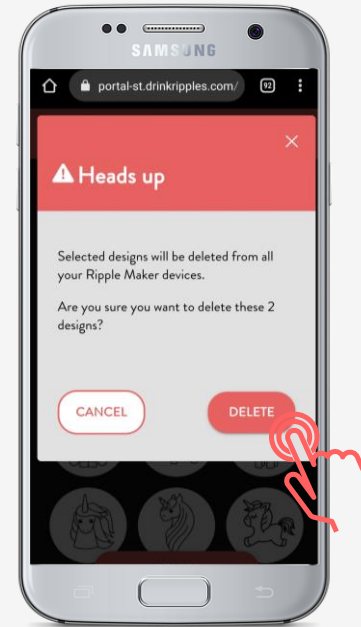

Permanently delete designs

Tap Delete

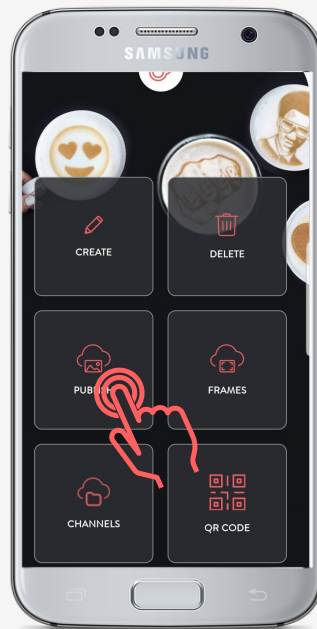

Select Design

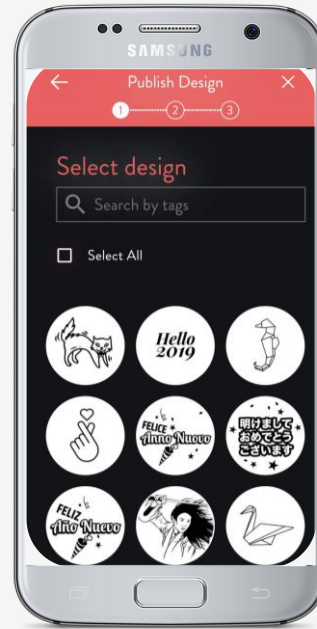

Confirm

PUBLISH

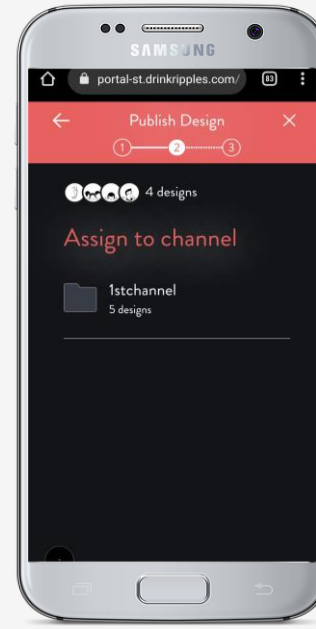

Search 1000s of tagged designs in the Ripples Library and add them to your Ripple Maker or Ripples WebApp!

Frame

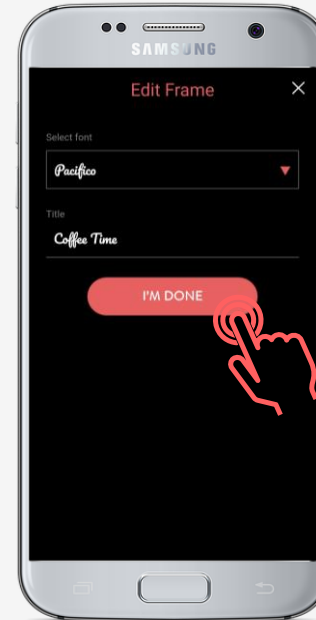

Tap Publish

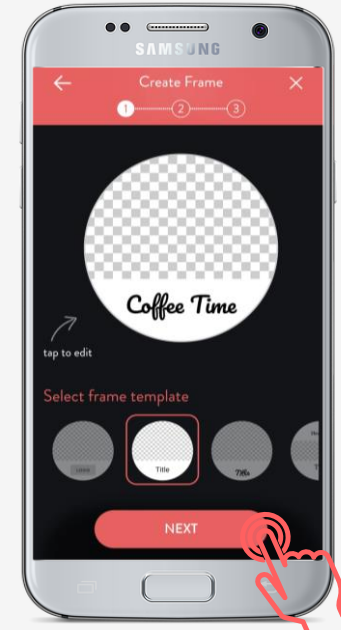

“Publish Frame”
Select from Ripples
Library of frames
OR “Create Frame”
to make your own

Select frame
template &
Tap to Edit

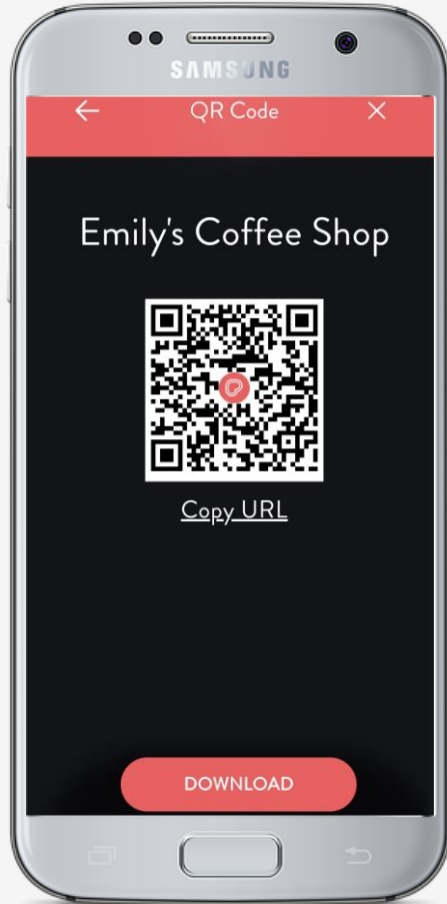

Select font & add text

Frame Preview tap next
assign to channel &
publish to Mobile

QR CODE

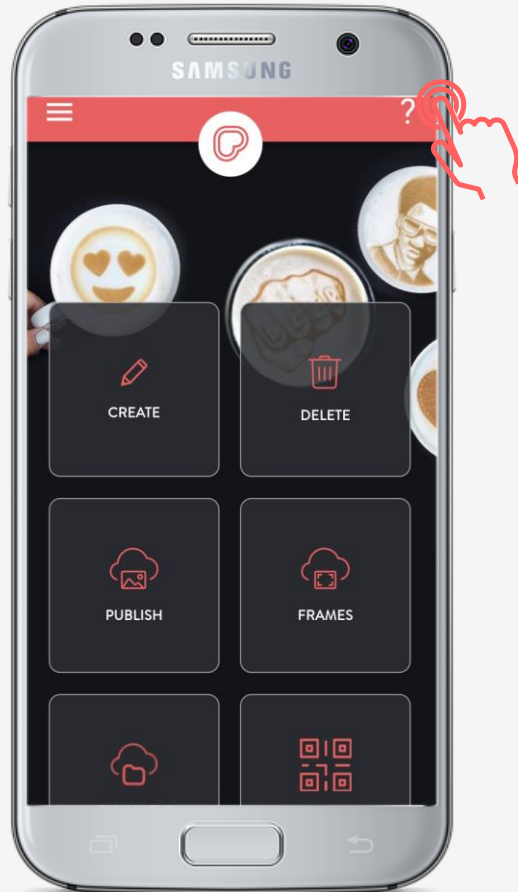

Download your Ripples Web App, printable QR Code, or link!

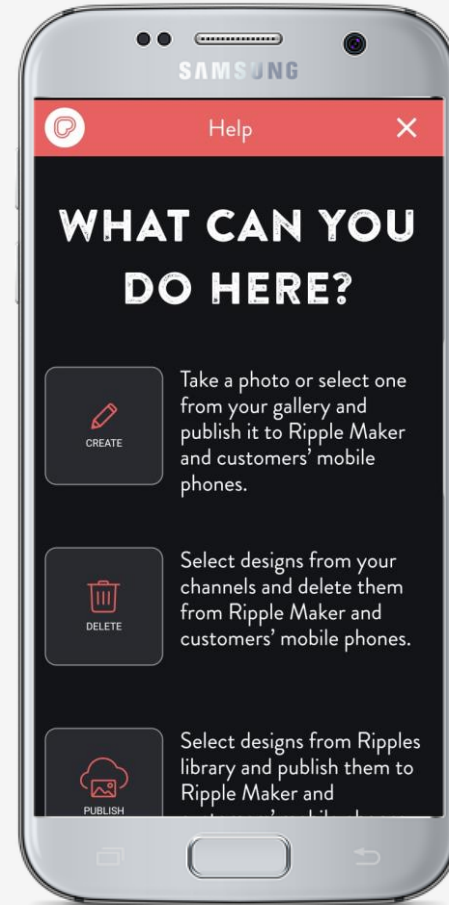

1. Download the QR Code or copy the URL
2. Use the QR code on posters around your location to encourage your guests to send images of their own to the Ripple Maker!
3. Scan the QR Code or use the link to send images through the Ripples Web App.

HELP

We are happy to help!

1. Tap the “?” in the top right corner for help.
2. Or reach out to our Care Center at support@drinkripples.com for more help.

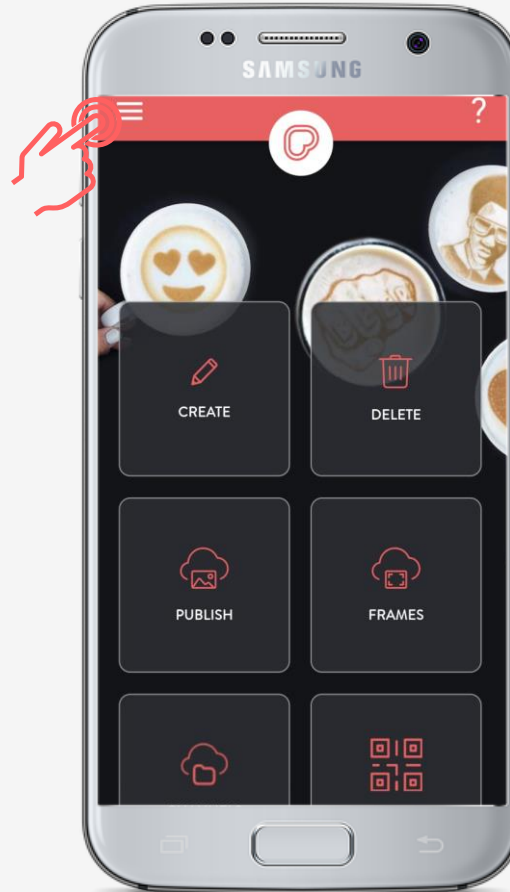

FAQS

- How do I get back to the webapp?

Tap the 3 lines in the top left corner and tap Ripples WebApp to return to the WebApp.

- How can I see what designs are on my Ripple Maker or WebApp?

Tap “Delete” and you will be able to see all the designed published to your Ripple Maker and Mobile App.

- Can I access the Ripples Cloud from my PC?

Yes, you can use this link to access the Ripples Cloud on your PC. <https://my.drinkripples.com/>

- Can I create my own custom channels in the Ripples Mobile Cloud?

No, you can make new custom channels through the PC version of the Cloud.

- Do I need a different user for the PC version of the Ripples Cloud?

No, you can use the same user login details for both.
